### Removal of Certain Refuge Areas

Under 58 Pa. Code § 67.2 (relating to refuge areas), the Executive Director of the Fish and Boat Commission (Commission), with the approval of the Commission, may designate waters as refuge areas to which 30 Pa.C.S. § 2306 (relating to refuge areas), shall apply. Section 2306 of 30 Pa.C.S. provides that the Commission may set aside, in its discretion, areas as it may judge best as refuge areas in which fishing or entry shall be prohibited for periods of time as the Commission prescribes. According to the regulation, the designation of waters as refuge areas shall be effective upon posting of the waters after publication of a notice that the waters have been so designated in the *Pennsylvania Bulletin*. Refuge areas are closed to public fishing except during the period from June 15 until the last day of February of the following year. It is unlawful to disturb fish or other aquatic life in refuge areas by any means, including wading, throwing stones, rocks or other objects or otherwise agitating the waters. The regulation will not be construed to prohibit fishing in these areas during the extended trout season.

Based on current conditions, there are reasons to remove the refuge area designation from 18 streams. For example, some streams are no longer being maintained as marked refuge areas, some streams are no longer stocked with trout and some streams are simply not being well utilized by anglers. These conditions are inconsistent with the premise for the use of refuge areas. Therefore, the Commission, at its next meeting on July 12 and 13, 2010, will consider taking action to remove the refuge area designations from the sections of the following waters that have been so designated:

County	Water Area
Cambria/Clearfield	Chest Creek

The sections of the following waters that have designated as refuge areas will remain in the program.

County	Water Area
Cameron	Hicks Run
Cameron	Mix Run
Cameron	Upper Jerry Run
Cameron	Wykoff Run
Clearfield	Jack Dent Branch
Elk	Medix Run

### Triploid Grass Carp Permit Application

Under 58 Pa. Code § 71.7 (relating to triploid grass carp), the Fish and Boat Commission (Commission) may issue permits to stock triploid grass carp in Commonwealth waters. Triploid grass carp are sterile fish that may, in appropriate circumstances, help control aquatic vegetation. The Commission has determined consistent with 58 Pa. Code § 71.7(e)(3) to seek public input with respect to any proposed stockings of triploid grass carp in waters having a surface area of more than 5 acres.

Interested persons are invited to submit written comments, objections or suggestions about the notice to the
