## DEPARTMENT OF TRANSPORTATION

### Finding Crawford County

Under section 2002(b) of The Administrative Code of 1929 (71 P. S. § 512(b)), the Director of the Bureau of Project Delivery as delegated by the Secretary of Transportation makes the following written finding:

The Department of Transportation (Department) is planning to remove the Peters Road Bridge that carries Township Route 703 over the Western New York and Pennsylvania Railroad line in Woodcock Township, Crawford County. The bridge is currently closed, and will be replaced with an at-grade crossing of the railroad line.

The proposed project will require a De Minimis Use of the Western New York and Pennsylvania Railroad line which is eligible for listing on the National Register of Historic Places and therefore qualifies as a Section 4(f)/Section 2002 resource.

In accordance with section 2002 of The Administrative Code of 1929 establishing the Department, a Level 1b Categorical Exclusion Evaluation Environmental project has been developed for the subject bridge removal project along with a Determination of Section 4(f) De Minimis Use, Section 2002 No Adverse Use, Historic Properties document to evaluate the potential environmental impacts caused by the subject project. The Section 4(f) document also serves as the Section 2002 Evaluation. The approved documents are available in the CE/EA Expert System.

The environmental, economic, social and other effects of the proposed project as enumerated in section 2002 of The Administrative Code of 1929, have been considered. It has been concluded that there is no feasible and prudent alternative to the project as designed and all reasonable steps have been taken to minimize the effects. Mitigation measures will be taken to minimize harm as stipulated in the Section 4(f)/Section 2002 document.

## FISH AND BOAT COMMISSION

### Classification of Wild Trout Streams; Proposed Addition of Bennett Brook, McKean County

Under 58 Pa. Code § 57.11 (relating to listing of wild trout streams), it is the policy of the Fish and Boat Commission (Commission) to accurately identify and classify stream sections supporting naturally reproducing populations of trout as wild trout streams. The Commission's Fisheries Management Division maintains the list of wild trout streams. The Executive Director, with the approval of the Commission, will from time to time publish the list of wild trout streams in the *Pennsylvania Bulletin*. The listing of a stream section as a wild trout stream is a biological designation that does not determine how it is managed. The Commission relies upon many factors in determining the appropriate management of streams.

At the next Commission meeting on April 11 and 12, 2011, the Commission will consider adding Bennett Brook, a tributary to the West Branch Tunungwant Creek, McKean County, from the headwaters downstream to the mouth, to its list of wild trout streams. The Commission will consider adding Bennett Brook to its list in addition to the proposed additions, deletions and adjustments to the list published at 41 Pa.B. 1294 (March 5, 2011).

Persons with comments, objections or suggestions concerning the classification of this stream may submit them in writing to Executive Director, Fish and Boat Commis-

sion, P. O. Box 67000, Harrisburg, PA 17106-7000, within 30 days after publication of this notice in the *Pennsylvania Bulletin*. Comments submitted by facsimile will not be accepted.

Comments also may be submitted electronically by completing the form at [www.fishandboat.com/regcomments](http://www.fishandboat.com/regcomments). If an acknowledgment of electronic comments is not received by the sender within 2 working days, the com-

ments should be retransmitted to ensure receipt. Electronic comments submitted in any other manner will not be accepted.
