Addition to List of Class A Wild Trout Waters Big Rift Creek, Tioga County

The Fish and Boat Commission (Commission) has approved an addition to the list of Class A Wild Trout Streams as set forth at 38 Pa. B. 1330 (March 15, 2008). Specifically, the Commission added Big Rift Creek, Tioga County, from the headwaters to the mouth, to its list.

Pursuant to 58 Pa. Code §57.8a (relating to Class A wild trout streams), it is the Commission's policy to manage self-sustaining Class A wild trout populations as a renewable natural resource and to conserve that resource and the angling that it provides. Class A wild trout populations represent the best of this Commonwealth's naturally reproducing trout fisheries. The Commission manages these stream sections for wild trout with no stocking.
