

## Notice

### Proposed Additions to List of Class A Wild Trout Waters

The Fish and Boat Commission (Commission) is considering changes to its list of Class A Wild Trout Streams. Under 58 Pa. Code §57.8a (relating to Class A wild trout streams), it is the Commission's policy to manage self-sustaining Class A wild trout populations as a renewable natural resource to conserve that resource and the angling it provides. Class A wild trout populations represent the best of Pennsylvania's naturally reproducing trout fisheries. The Commission manages these stream sections solely for the perpetuation of the wild trout fishery with no stocking.

Criteria developed for Class A Wild Trout fisheries are species specific. Wild Trout Abundance Class Criteria include provisions for:

(i) Wild Brook Trout Fisheries

- (A) Total brook trout biomass of at least 30 kg/ha (26.7 lbs/acre).
- (B) Total biomass of brook trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).
- (C) Brook trout biomass must comprise at least 75% of the total trout biomass.

(ii) Wild Brown Trout Fisheries

- (A) Total brown trout biomass of at least 40 kg/ha (35.6 lbs/acre).
- (B) Total biomass of brown trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).
- (C) Brown trout biomass must comprise at least 75% of the total trout biomass.

(iii) Mixed Wild Brook and Brown Trout Fisheries

- (A) Combined brook and brown trout biomass of at least 40 kg/ha (35.6 lbs/acre).
- (B) Total biomass of brook trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).

(C) Total biomass of brown trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).

(D) Brook trout biomass must comprise less than 75% of the total trout biomass.

(E) Brown trout biomass must comprise less than 75% of the total trout biomass.

(iv) Wild Rainbow Trout Fisheries

Total biomass of rainbow trout less than 15 cm (5.9 inches) in total length of at least 2.0 kg/ha (1.78 lbs/acre).

In order for a water to be removed from the Class A Wild Trout Streams designation, total trout biomass must be documented below the set criteria for two consecutive stream examinations.

During recent surveys, Commission staff have documented the following stream sections to have Class A Wild Trout populations. The Commission intends to consider adding these waters to its list of Class A Wild Trout Streams at its meeting on July 12 and 13, 2010.

County	Stream	Section	Limits	Trout Biomass (kg/ha) <b>Brook</b>	Length (miles)	Survey Year
<b>Wallenpaupack Creek Basin</b>						
Pike	Kleinhans Creek	1	Headwaters to Confluence with Lake Wallenpaupack/Wallenpaupack Creek	36.22	1.68	2004
<b>Lehigh River Basin</b>						
Lackawanna	Sand Spring Creek	1	Headwaters to Confluence with Lehigh River	134.08	2.82	2004
				<b>Brown</b>		
Carbon	Hunter Creek	1	Headwaters to Confluence with Buckwha Creek	56.58	6.21	2009
Lehigh	Catasauqua Creek	3	Eastwood Street Bridge downstream to the former Lehigh Canal down- stream Lehigh Street (SR 1007) Bridge	94.90	0.56	2009
	Iron Run	2	Upstream face of the Turning Leaf Trail Bridge downstream to confluence with Spring Creek	64.42	0.48	2009

	Spring Creek	1	Headwater (Schaefer and Iron Run confluence) downstream to confluence with Little Lehigh Creek	148.06	1.24	2009
County	Stream	Section	Limits	Trout Biomass (kg/ha) <b>Mixed Brook/Brown</b>	Length (miles)	Survey Year
Luzerne	Shades Creek	2	Downstream face of the SR 0115 Bridge downstream Pipeline Crossing	70.49	1.75	2004

Persons with comments, objections or suggestions concerning the additions are invited to submit comments in writing to Executive Director, Pennsylvania Fish and Boat Commission, P.O. Box 67000, Harrisburg, PA 17106-7000, within 30 days after publication of this notice in the *Pennsylvania Bulletin*. Comments also may be submitted electronically by completing the form at [www.fishandboat.com/regcomments](http://www.fishandboat.com/regcomments). If an acknowledgment of electronic comments is not received by the sender within 2 working days, the comments should be retransmitted to ensure receipt. Electronic comments submitted in any other manner will not be accepted.

FOR THE PENNSYLVANIA FISH AND BOAT COMMISSION:

John A. Arway  
Executive Director
