

Notice  
Exhibition Area Designation  
Spring Creek, Centre County

Under 58 Pa. Code §67.1 (relating to nursery waters and exhibition areas), the Executive Director of the Fish and Boat Commission (Commission), with the approval of the Commission, may designate waters as nursery waters or exhibition areas to which the penalties of section 2106 of the Fish and Boat Code, 30 Pa. C.S. §2106 (relating to fishing in hatchery or nursery waters) apply. The designation of waters as nursery waters or exhibition areas shall be effective upon posting of the waters after publication of a notice that the waters have been so designated in the *Pennsylvania Bulletin*.

Effective January 1, 2012, the Commission has changed the limits of the exhibition area on Spring Creek, Section 05, Centre County. The Commission previously managed this section of Spring Creek as an exhibition area from the railroad trestle located 100 meters upstream of the dam in Tallyrand Park downstream to Lamb Street Bridge, a distance of approximately 550 meters. The Commission will maintain the reach of Spring Creek flowing through Tallyrand Park as an exhibition area but has opened the adjacent reach downstream of the park to public angling. The new limits of the exhibition area are from the railroad trestle located 100 meters upstream of the dam in Tallyrand Park downstream to High Street Bridge, a distance of approximately 200 meters. The approximately 350- meter reach of Spring Creek that has been re-opened to public angling will be managed as part of Section 06 under 58 Pa. Code §65.15 (relating to catch and release all-tackle areas).

FOR THE PENNSYLVANIA FISH AND BOAT COMMISSION:

John A. Arway  
Executive Director
