

# Pennsylvania Fish & Boat Commission Recognizes 30, 35 and 40 Years of Service

photos-PFBC staff

During the January Commission meeting, Commissioner Robert A. Bachman presents PFBC Executive Director John A. Arway with his 30 years of service pin.

As a result of an Agency Climate Assessment Survey, conducted by the Office of Administration's Office of Strategic Services, staff made a request to relaunch the Pennsylvania Fish & Boat Commission (PFBC) Years of Service Recognition Pin Program.

In December 2011, PFBC Executive Director John A. Arway reinstated the program.

The PFBC Years of Service Recognition Pin Program recognizes employees with five years of service to the Commonwealth. Employees are recognized every five years thereafter and are acknowledged with a pin in the presence of his or her peers.

Below are employees who were awarded pins for 30, 35 and 40 years of service to the Commonwealth.

## 30 Years
