

Heroes of Water Rescue Award

Overview of the Pennsylvania Fish and Boat Commission Heroes of Water Rescue Award

The Pennsylvania Fish & Boat Commission's Heroes of Water Rescue Award was created in 2011 to recognize the contributions made to the Commonwealth by individuals who make a significant, lasting and continuous impact in the field of water rescue as a result of the guidelines established by the Pennsylvania Fish and Boat Commission's Water Rescue Program. The award is not intended as recognition of heroism only, but acknowledges individuals who have utilized the PA Water Rescue Program for lifesaving, increased awareness about the need for swiftwater and flood rescue training, promoted training standards of certification, and inspired other agencies to embrace the PA Water Rescue Program. Due to the stringent criteria for selection, it is anticipated that the Heroes of Water Rescue Award will be seldom awarded.

In order to be nominated for the Heroes of Water Rescue Award, individuals must meet a variety of eligibility criteria. Nominations will undergo a rigorously competitive selection process conducted by a panel of PFBC staff, PA Water Rescue Instructor Trainers and a Water Rescue organization.

The criteria for award selection are designed to reflect the consensus of the panel regarding what constitutes receiving the Heroes of Water Rescue Award. The criteria focus on all areas of the Commission's Water Rescue Program. Individuals selected for receiving the award will be recognized at the April Commission meeting and memorialized by adding his or her name to the Heroes of Water Rescue plaque displayed in the lobby of the PA Fish and Boat Commission Headquarters Building.
