COMPETITIVE Fishing

Do you participate in soccer, baseball, dance, basketball, football or other activities? These activities give you the opportunity to compete and have fun. Some anglers also enjoy competing. Most compete for fun with friends or family. Anglers will also compete with other anglers they meet on the water. How many times have you heard, "How many did you catch so far?"

Do you know that fishing can be very competitive? There are even professional anglers. Have you ever wondered what it takes to become a professional angler who competes in fishing tournaments? There are tournaments for Muskellunge, Walleyes, bass, panfish and even carp. Bass fishing is the most popular. In this issue of *PLAY*, you will find information on how to get involved in competitive fishing.
