

Selected *Pennsylvania Angler* Covers from the 1930s

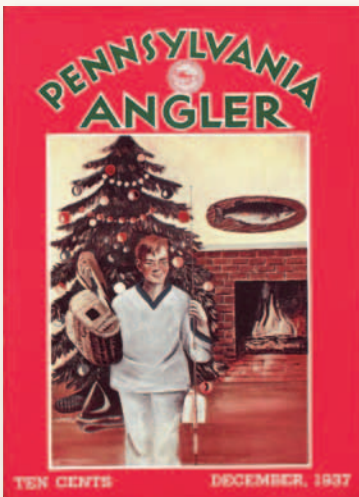

Since 1931, *Pennsylvania Angler & Boater* has been “The Keystone State’s Official Fishing and Boating Magazine.” In commemoration of providing Pennsylvania’s anglers and boaters with informative and entertaining editions, we are including select articles and other materials from the past 85 years in every issue this year. The Commission hopes you enjoy these highlights from the past, and thank you for being a part of our tradition.
